

SECOND PRELIMINARY WAS GIVEN TO M'GEE

WAS ARRESTED BY U. S. DEPUTY YESTERDAY AFTERNOON

WAS RELEASED

Evidence Not Sufficient to Bind Him Over—Preliminary Was Heard Once Before.

Robert McGee was arrested yesterday afternoon by United States Deputy Payne on the charge of operating an illicit distillery.

It will be remembered that several days ago Sheriff Ashley and a party went down on the Savannah river near Gregg Shoals and found an old furnace, several barrels of mash and some other things that pointed to the fact that a still might have been in operation.

Later on complaint of a magistrate to the grand jury, Sheriff Ashley arrested McGee and he was given a preliminary hearing before Magistrate Geiger but was released.

THROUGH SERVICE ON SOUTH MAIN ST. CARS

WILL NOW RUN FROM COLLEGE TO GLUCK MILLS

WORK ON RIVER ST.

Is Progressing Well and Will Probably Be Finished By Saturday Night of Next Week.

This afternoon the street cars on South Main street will begin running straight through from the college on down to Gluck mill for the first time in six weeks.

This announcement will be good news to the patrons of this line. For the past two weeks the distance to walk in transferring was not great but it caused a great deal of inconvenience.

Mr. Orr stated yesterday that the street car track paving on River street was going right ahead and that the intersection of Kennedy street had been reached.

Later on complaint of a magistrate to the grand jury, Sheriff Ashley arrested McGee and he was given a preliminary hearing before Magistrate Geiger but was released.

LITTLE GIRL INJURED

Was Struck by Pieces of Glass From Falling Window Pane.

Yesterday afternoon about 2 o'clock a window pane from one of the windows in the Hotel Chiquola fell out and in falling struck a part of the electric sign below.

When River street is finished the street car track crews will go to Greenville street, beginning at Main and going toward the boulevard.

Those present at the meeting above stated, decided that, before organizing into a permanent club, that a meeting be called later to wit: on the twenty-fifth day of Sept. at 2:30 o'clock P. M., and that the meeting be advertised so as to notify all of the old students living in the country and invite all to be present.

The undersigned, as a committee, were directed to write to all those whose address was known and request them to be present.

Clemson clubs have been organized in a number of places in the state and in many of the large cities outside of the state, and through them the old boys keep in touch with the college and its work, and the people are consequently kept correctly informed in matters pertaining to the welfare of the college.

The large number of old students in our county will make a club, of such, one of the strongest in existence and with the nearness of our location to the college, many of us should naturally be the recipients, incidentally, of much of the knowledge and benefits of the experts and specialists, from the college, in a business way.

Through the instrumentality of club organization the useful work of the college can be more easily disseminated among all the people of the county.

We believe that every man in the county who has attended Clemson would like to have his name and address enrolled with the secretary of this club. You are therefore requested to be present on the twenty-fifth day of September next, without fail. The meeting will be held in the office at the chamber of commerce building in the city of Anderson, where we will have abundant room for a large number.

If it is impossible for you to be present on said date, we will ask you to kindly send your name and address to the undersigned or one of them and we will see that you are listed with us anyway.

We expect to have present with us at the meeting some old Clemson men from other places who will make speeches. We believe you will thoroughly enjoy meeting all the boys, old and new, and join in reviving the college spirit which once so animated all of us in days at the college. Do not forget date and time, Sept. 25, 1915, at 2:30 o'clock p. m. We beg to remain.

Yours fraternally, S. Dean Pearman, Willett P. Sloan, Charlie Fant.

Uric Acid in Meat Clogs the Kidneys

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood.

They become sluggish and weak, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salts is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

None Equal to Chamberlain's. "I have tried most all of the cough cures and find that there is none that has never failed to give me prompt relief," writes W. V. Harner, Montpelier, Ind. "When you have a cold give this remedy a trial and see for yourself what a splendid medicine it is. For sale by all dealers."

IMPORTANT MEETING OLD CLEMSON MEN

WILL BE HELD IN ANDERSON ON SEPTEMBER 25TH

LETTER SENT OUT

To all Men in County Whose Addresses Were Known—All Urged to Attend.

As announced in The Intelligencer last Sunday morning there will be an important meeting of the old Clemson men in Anderson county on Saturday afternoon, September 25.

Yesterday letters were sent to all the men in the county whose addresses were known, but there being some whose post-office is unknown, the committee requests that the following be published in order that all may be informed of the meeting:

Anderson, S. C., Sept. 17, 1915. Dear College Mate and Comrade: On the eleventh day of September past, about twenty old Clemson students, living in Anderson, held a meeting for the purpose of organizing and perfecting a club of Clemson men.

At this meeting the surprising fact was made known that there are now, living in the county of Anderson, over three hundred old students of Clemson, who attended the college one year or longer.

Those present at the meeting above stated, decided that, before organizing into a permanent club, that a meeting be called later to wit: on the twenty-fifth day of Sept. at 2:30 o'clock P. M., and that the meeting be advertised so as to notify all of the old students living in the country and invite all to be present.

The undersigned, as a committee, were directed to write to all those whose address was known and request them to be present.

Clemson clubs have been organized in a number of places in the state and in many of the large cities outside of the state, and through them the old boys keep in touch with the college and its work, and the people are consequently kept correctly informed in matters pertaining to the welfare of the college.

The large number of old students in our county will make a club, of such, one of the strongest in existence and with the nearness of our location to the college, many of us should naturally be the recipients, incidentally, of much of the knowledge and benefits of the experts and specialists, from the college, in a business way.

Through the instrumentality of club organization the useful work of the college can be more easily disseminated among all the people of the county.

We believe that every man in the county who has attended Clemson would like to have his name and address enrolled with the secretary of this club. You are therefore requested to be present on the twenty-fifth day of September next, without fail. The meeting will be held in the office at the chamber of commerce building in the city of Anderson, where we will have abundant room for a large number.

If it is impossible for you to be present on said date, we will ask you to kindly send your name and address to the undersigned or one of them and we will see that you are listed with us anyway.

We expect to have present with us at the meeting some old Clemson men from other places who will make speeches. We believe you will thoroughly enjoy meeting all the boys, old and new, and join in reviving the college spirit which once so animated all of us in days at the college. Do not forget date and time, Sept. 25, 1915, at 2:30 o'clock p. m. We beg to remain.

Atlanta May Get Big Order From Allies Agents Said to Be There to Purchase \$3,000,000 Worth of General Supplies.

Atlanta, Sept. 17.—Agents of France and the allies are reported to be in Atlanta today with authority to purchase over \$3,000,000 of general supplies in this section for the armies in Europe.

The purchase in which all the southern states will benefit, depends only, it is stated, upon the success of floating the big war loan in New York.

Purchasing divisions will be placed in various sections of the country it is stated, and that for the south will be here. Because of the difficulty of manufacturing arms and ammunitions in the big machine shops of the south, the agents have decided, it is stated, to have the southern machine shop manufacture other equally needed iron and steel supplies.

The Birmingham district, it is stated will be called on heavily for orders of this class. Another big item which can be furnished from the south will be wagons, wagon equipment, harness, saddles and other leather goods.

The cotton mills will be called on to furnish cotton handkerchiefs, absorbent cotton, several classes of cotton cloth and also cotton knitted goods.

Cotton lint will also be bought up extensively for the manufacture of ammunition.

It is understood that the allies are not going to buy very many more mules, owing to the fact that drivers in Europe do not understand mule psychology and can't handle them, but that large consignments of good horses for cavalry purposes will be sought in the south in connection with the above described plans.

Other purchases, it is stated, will include naval store products, shrapnel, and shell boxes, and shoes and boots.

The agents, it is stated, will do their purchasing direct, and each is said to be an expert in judging material. While awaiting confirmation of the loan, it is stated, they will visit a number of other large cities of the south in completing their preliminary plans.

ART OF PERSUASION USED EFFECTIVELY

WOMEN OF BROGON MILL PERSUADE MEN NOT TO WORK

MAN QUILTS JOB

Committee Stated That no Acts of Violence Would Be Resorted To.

The art of persuasion is being used most effectively by the women at the Brogon mill, the object being to keep men from helping the office force ship the goods.

Yesterday afternoon at just after 6 o'clock when Mr. Ben Gaines, who has been helping the shipping force for the days, came out of the mill, he was met on the public highway by about 50 ladies who are employed by the mill. They surrounded Mr. Gaines and talked to him fully an hour trying to get him not to go back to the mill to work.

Mr. Gaines does not work in the mill regularly and went in on Thursday morning to assist in the shipping department. It was thought that the ladies could have more weight in persuading him than the men, and therefore, they tried their hand, which was successful.

The reporter of The Intelligencer went over to the mill yesterday afternoon and found that several hundred were grouped about the grounds but they were very orderly at that time. He talked with the chairman of the committee in charge of the strike and was told that no violence would be resorted to.

He was told that the manner in which they were trying to get others from working in the mill was legitimate and that they thought that it was perfectly right for them to do that.

Prof. Murray. Prof. J. Scott Murray has returned to Macon, Ga., to resume his work at Mercer University, where he has been teaching for the past 23 years.

At Salem Church. There will be preaching at Salem church Sunday morning at 11:30 by Rev. W. B. Hammett of Williamston. All members are requested to attend for church conference will be held and a pastor elected.

RIVERSIDE MILL NO. 2 TO RUN DAY AND NIGHT

STARTING ON NEXT MONDAY—FIVE NIGHTS A WEEK

IS SMALL PLANT

And New Hours Will Afford Employment to About 50 People.

Beginning on Monday Riverside Mill No. 2, will be run both day and night. This was learned from Mr. B. B. Gossett yesterday who stated that the machinery would be run six nights in the week and that 50 people would be given employment.

It will be remembered that this mill manufactures fine knitting yarn and is somewhat of a new industry in Anderson. It began making this product a few months ago and it seems that the work is very satisfactory.

The mill plant is comparatively small and is one that is run entirely by electricity which is supplied by the Southern Public Utilities company.

DEATHS

James S. Meacham. The body of James S. Meacham, who died in Columbia Thursday afternoon at 6 o'clock, was brought to Anderson yesterday afternoon. Funeral services will be held this afternoon and interment will be made in Silver Brook cemetery.

Mr. Meacham lived at the Gluck mill up until three months ago when he was taken to Columbia where he died of Pelagra.

There is little news to write this week. All the young people are busy with their books. The summer visitors are leaving, and old folks are planning and arranging for the coming winter.

The Baptist were to hold a revival meeting this week, but were disappointed. The wife of the visiting clergyman being too ill for him to attend. They hope to have the meeting in October. Mr. Smith, the pastor of the church is an earnest worker, and is much liked by all, and his charming wife has made a host of friends in all denominations. We hope they will be with us for years to come.

C. Vedder Stilton has returned after a successful season of base ball. He will be with his father for the winter.

A new club is to be formed, by ten young ladies which promises to be a very pleasant feature of the winter's entertaining, and there is a talk of reviving the Pendleton Theatrical club which has given so many plays these past years.

Mr. and Mrs. Gus Mitchell have taken Miss Hunter's house for the winter.

Young Men Are Particular Dressers and that explains in itself why we lauder the linen of the majority of the young men in this vicinity.

Our stylish domestic finish, our perfect shaping of each piece, be it shirt, collar or cuff, and our willingness and ability to do work "in a hurry" when needed—is reason enough for them, and will be for you, if you try us once.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodd's Liver Tonic" is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous "drug tonight and tomorrow you may lose a day's work."

Calomel is mercury or quicksilver which causes necrosis of the brain. Calomel, when it comes into contact with your bile, causes it to break up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodd's Liver Tonic tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodd's Liver Tonic. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, I want you to go back to the store and get your money. Dodd's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salfivate or make you sick.

I guarantee that one spoonful of Dodd's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodd's Liver Tonic will keep your entire family feeling "fine for months. Give it to your children. It is harmless; doesn't grip and they like its pleasant taste.

I guarantee that one spoonful of Dodd's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodd's Liver Tonic will keep your entire family feeling "fine for months. Give it to your children. It is harmless; doesn't grip and they like its pleasant taste.
